

Bio Liselotte Engstam

Liselotte Engstam is a member of the Global Governing Board of World Economic Forums Climate Governance Initiative, and Chair of the Nordic Chapter; Boards Impact Forum. Engstam additionally serves on the board of two publicly listed and two private companies.

With 15 years of experience as Chair and Non-Executive Board Director, she draws from her international executive roles at global technology and engineering firms from Europe, America, and India, and her previous board mandates at ten private equity-owned and publicly listed companies.

Engstam Chairs the ThinkTank Digoshen, which advances value creation from the board via advise, training and academic research. She co-authored the books "Leading a Board - Chairs' practices across Europe", "AI Leadership for Boards" and the paper "Dynamic Board Capabilities", and was recognized among top 100 globally in Modern Corporate Governance.

Engstam holds a Master of Science in Engineering and Sustainability, board certification from INSEAD (IDP-C), and fellowships at Harvard Medical School's Institute of Coaching and at Salzburg Global Corporate Governance Forum.
